Catalog No. MUBNF-01101

# **Certificate of Analysis**

Strain C57BL/6 Mouse Neural Stem Cells

With GFP Lot Number: 111020F01

Cryopreservation Date: 2011-10-20

Passage Number: 3

## **Viability**

Cells are assayed for viability post-thaw using vital staining assay with trypan blue.

Specification: Cells should exhibit  $\geq 70\%$  viability.

## Sterility

Bacterial and Fungal Contamination: Samples are inoculated and cultured in blood agar plate,

thioglycolate broth, tryptocase soy broth and sabouraud dextrose agar.

Specification: No growth must be observed.

Mycoplasma: Samples are tested for mycoplasma contamination using a PCR-based assay and direct

culture.

Specification: Results must be negative.

Endotoxin: Samples are tested for endotoxin contamination with LAL test.

Specification: Results must show a concentration of  $\leq 25$ EU/ml.

#### **Purity**

Cells are assayed for purity using immunohistochemistry analysis of cell surface antigen expression after cryopreservation. Cells are immunostained with Nestin.

Specification: Cells must show  $\geq 75\%$  positivity for expression of cell surface antigens Nestin. Cells must show  $\leq 10\%$  positivity for expression of cell surface antigens GFAP, Galc and beta-III tubulin.

## **Proliferation Ability**

The cells are characterized by their ability to proliferate in culture with neurosphere morphology for  $\geq 5$ passages, and  $\leq 5\%$  cells exhibit spontaneous differentiation in each passage.

#### **GFP Expression**

Expression of constitutive GFP is assayed by visual inspection of GFP fluorescence signal.

Specification: The results must indicate ≥80% of cells are visually inspected for GFP fluorescence signal during extensive subcultivation.

## **Differentiation Ability**

The cells are assayed after cryopreservation for their ability to differentiate into Neuron, Astrocyte and Oligodendrocyte, about 50% cells are stained with GFAP, 10% cells are stained with beta-III tubulin, and 2% cells are stained with Galc that detects each cell type.

#### **Results:**

All specifications have been met.
